

# ImagineAir FlightCard Savings Program

**Imagine saving up to 20%  
on every flight**

**ImagineAir** provides you with the access, convenience and professionalism of a private airline, at a fraction of traditional air charter rates.

Get an even better value with the **ImagineAir** FlightCard Savings Program.

Select the card which applies to your travel needs. If you look forward to using our service at least twice a year, this program is for you. There are four levels to choose from and each card provides access to our entire fleet.

Instantly access your account to view your balance and even book flights online.

FlightCard	Price	Benefits	Save
Platinum	\$50,000	20% off all flights	\$10,000
Gold	\$20,000	15% off all flights	\$3,000
Silver	\$8,000	10% off all flights	\$800
Bronze	\$3,000	5% off all flights	\$150

The program is simple. Select the FlightCard that is best for you or your company. Every time you fly, the cost is deducted from your FlightCard balance at the savings you choose, that's it. **Fly without aircraft repositioning or waiting fees, fuel surcharges, overnight, or management fees.** There are no extra charges for additional passengers. When your balance reaches zero, opt to renew, upgrade or walk away, no strings attached.

Enjoy the freedom of sharing your **ImagineAir** FlightCard experience with anyone. Whether you are traveling with family or to visit clients, your FlightCard is good for a full year from the date of purchase.

**ImagineAir** maintains the highest quality and safety standards in every aspect of our operation. We operate a fleet of brand new Cirrus SR-22 GTS aircraft. It is the most technologically advanced in its class. It is equipped with comfortable leather seats, plenty of legroom, Bose noise canceling headsets, XM Satellite radio, technologically advanced cockpit avionics, which display real-time traffic and weather information.

Our professional pilots fly full-time for **ImagineAir**. Before joining **ImagineAir** they were employed as captains for airlines such as Delta and United, in the military flying fighter jets and in corporate aviation. On average they have over 9,000 flight hours and over 25 years of experience. Our entire fleet is subjected to strict, proactive maintenance that is designed to keep our fleet operating optimally.
